STATEMENT OF THE SUBSTANCE OF THE INTERVIEW

Dear Commissioner:

This letter is filed in response to the Office Communication mailed March 31, 2009 and is further to the Response to Office Action filed March 26, 2009.

Re: Telephone Interview with Examiner on March 26, 2009

Applicant submitted a proposed claim amendment to the Examiner and noted that Applicant intends that this claim amendment covers a beveller that bevels carpet wherein either or both the material support surface and blade are movable (so that the material support surface moves relative to the blade). The Examiner stated that the proposed claim amendment overcomes all objections cited by him, and that he would further consider the amendment when formally filed.

The proposed amendment was incorporated identically in claim 1 and was also added to independent claim 10 in the Response to Office Action filed March 26, 2009. Accordingly, applicant respectfully requests allowance of the subject application in view of the amendments.

Should anything further be required in this matter the Office is invited to contact the undersigned.

Respectfully submitted,
OGILVY RENAULT LLP
